

# Sabina Battersby | ICT Project Manager – PMO & Strategy Integrated Information Services (IIS)

At work I am a Project Manager for the Integrated Information Services(IIS) Function in eHealth and at home I am known as Mam

## What I do in my job?

My role as Project Manager is fast paced and dynamic, leading important health service wide projects for the delivery of critical service improvements to patients. It requires that I manage deadlines while handling multiple tasks across various workstreams.

## Motivation:

I love my job because my work supports health leaders make decisions on improving patient care and services through the use of data. My work is varied and interesting and my flexible schedule helps me to meet the needs of my 5 children

## Advice to women thinking of a career in health service:

Working for the HSE has provided me as a woman and a mother the flexibility to balance my work/home responsibilities. If this is something that resonates with you, I would recommend you look into a career with HSE
