

Kate Hanlon | Multimedia Support Training & Development Communications

I joined the HSE in 2020, starting in the NSD and then moving to Business Operations. I work for the eHealth communications team, where I am involved in photography, graphic design, animation and website management among other roles

What I do in my job?

I provide a range of digital support, anything from animations to podcasts and e-learning programmes.

Motivation: I like that my job gives me the opportunity to be creative every day, and meet lots of interesting people!

Advice to women thinking of a career in health service:

Don't be afraid to speak up or get involved when you can, the majority of people in the service are very nice and supportive. Chat to and form connections with as many people as possible.
