

An Roinn Sláinte
Department of Health

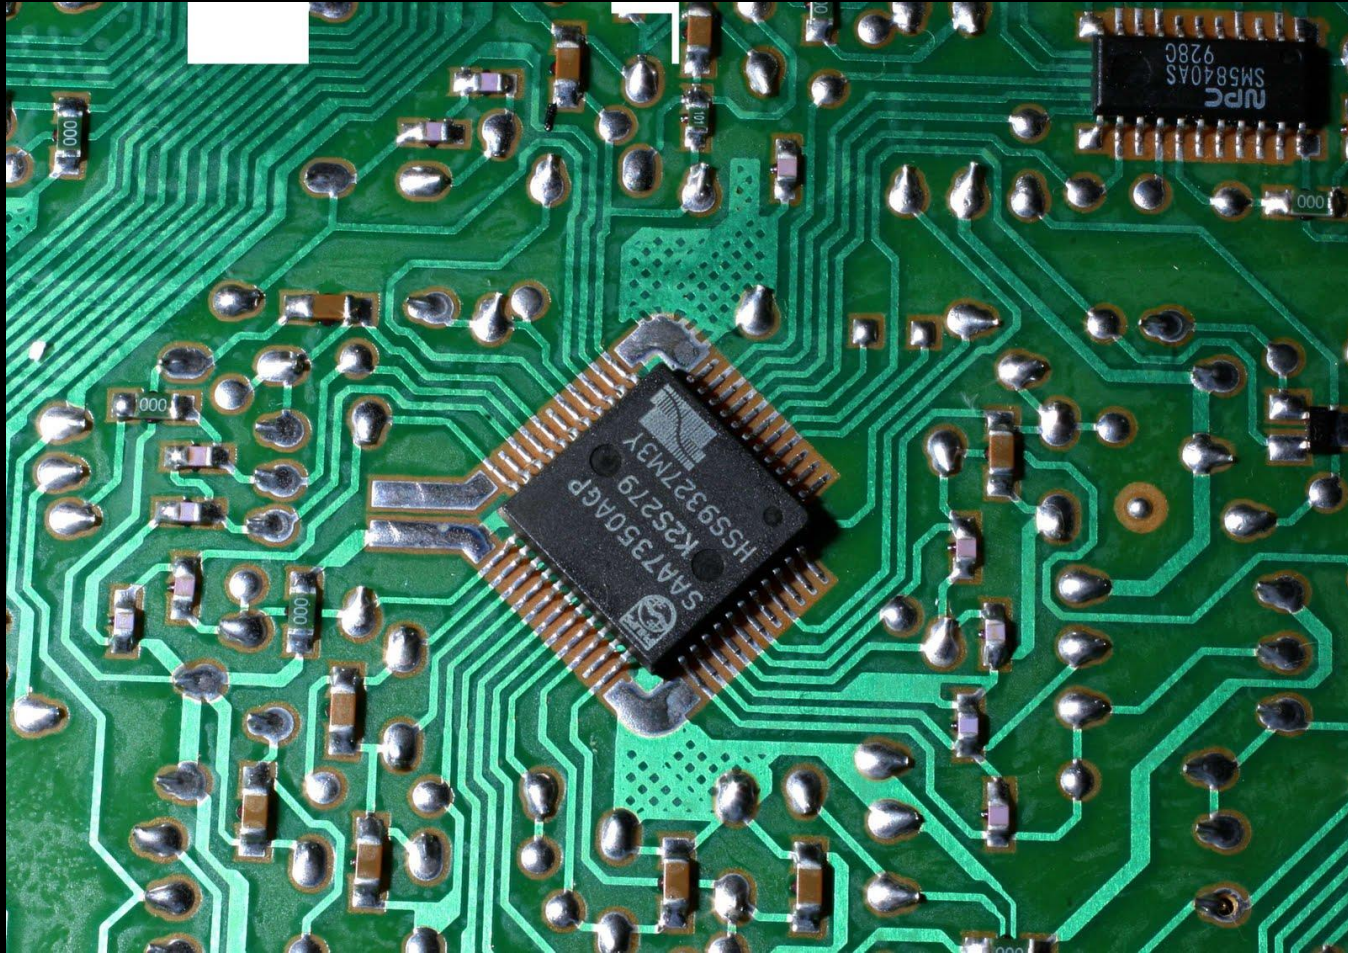

Data as the foundation for Digital Transformation

Muiris O'Connor
CCIO meeting
29th May 2019

System level reform

Sláintecare commits to establishing

an evidence base to support
integrated person-centred care

Data as an enabler of...

...health services improvement

Data as an enabler of...

...advances in medical science

Data as an enabler of...

...population health and wellbeing

Unlocking the potential of health data

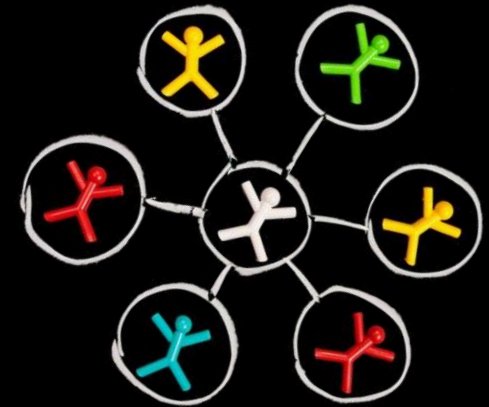

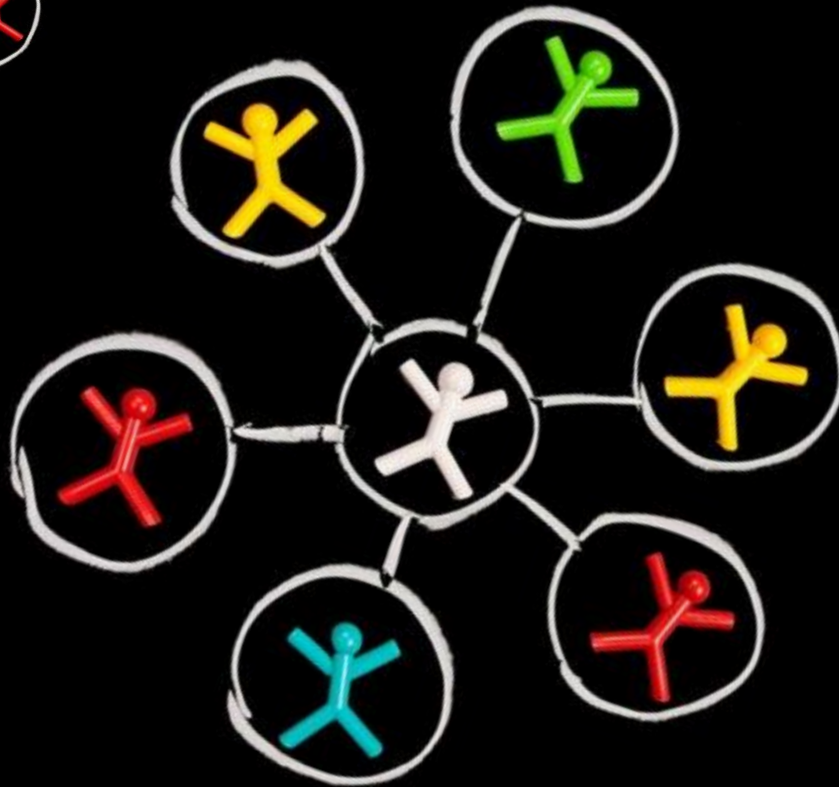

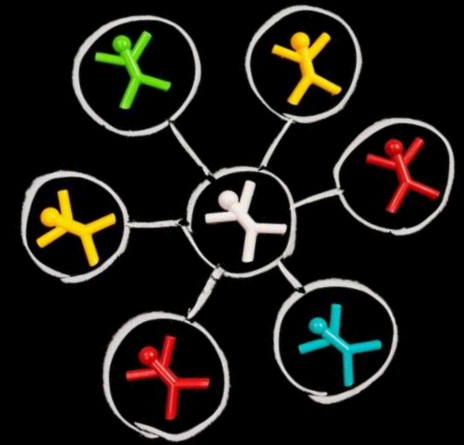

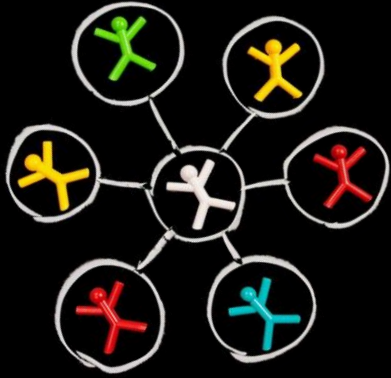

“lots of data, little information
less intelligence”

(Dr. Howard Johnson)

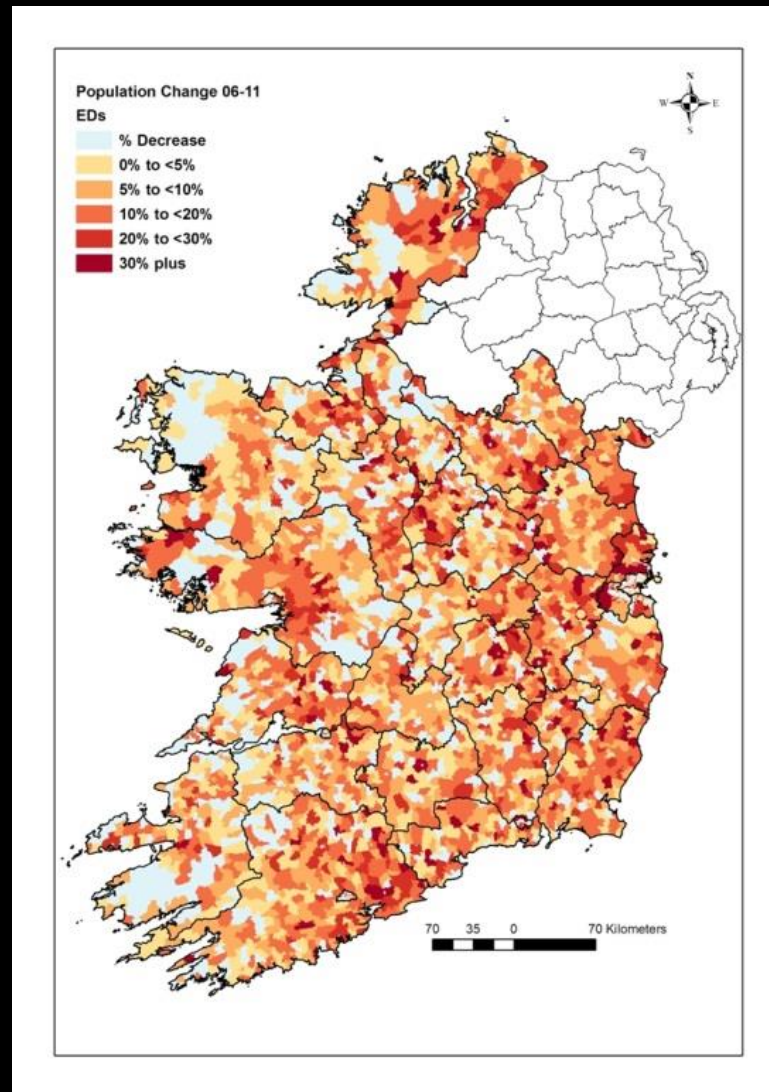

Deciphering signal from the noise

...it is terribly
fragmented and...
disconnected

Health as part of a broader evidence base

Health Information Systems Strategy

The focus

...building...

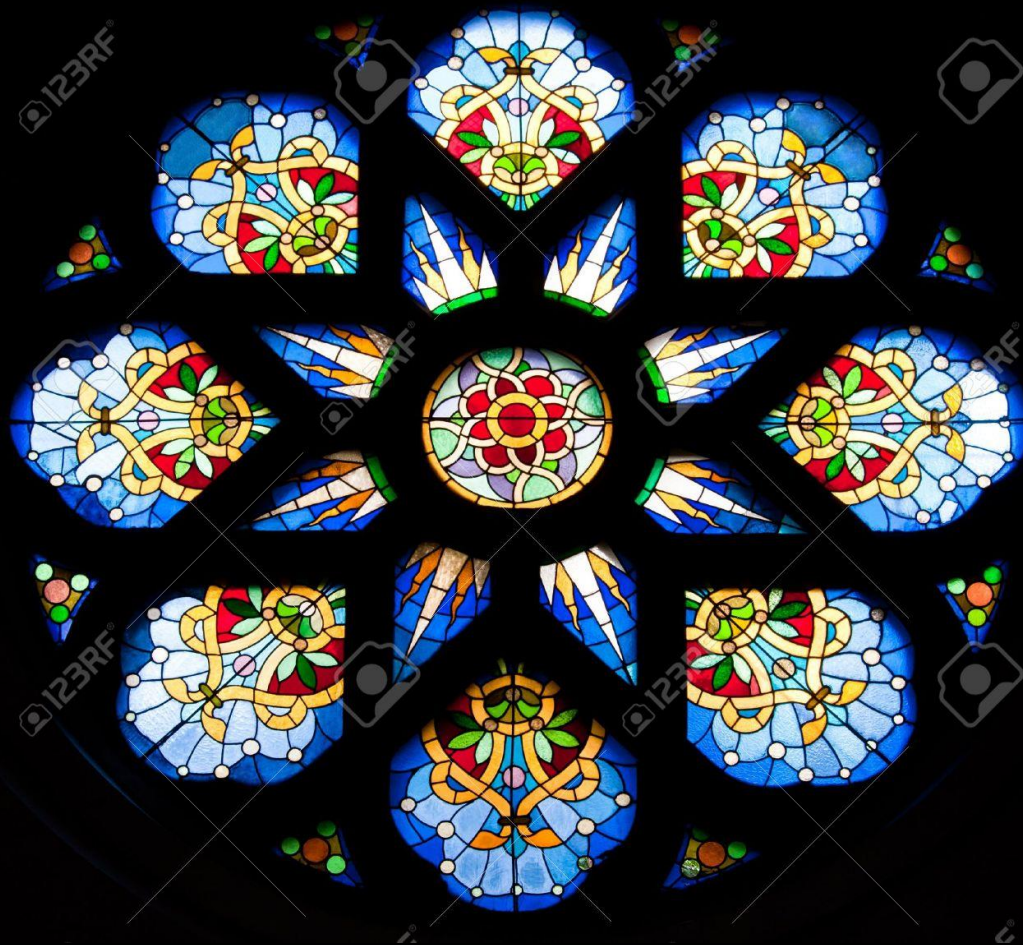

...meeting...

Easy does it

Towards a national approach

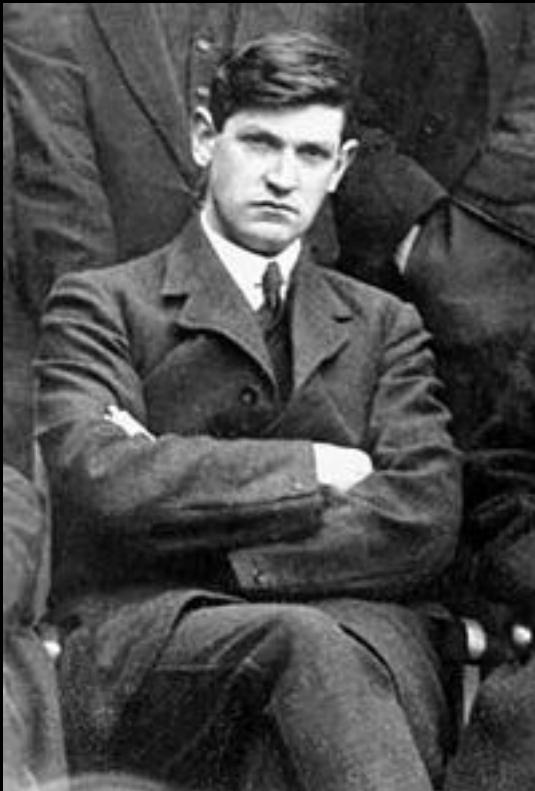

Intentionality

intentional (adj.)

an action performed with awareness; done deliberately, consciously, on purpose

Decade of centenaries

‘True devotion’,
Collins wrote, ‘lay not
in melodramatic
defiance or self-
sacrifice, but in
steady earnest effort’

Our time is now

Go raibh maith agaibh!
