

Euroheart Data Standards For Acute Coronary Syndrome (ACS) And Percutaneous Coronary Intervention (PCI) Reference Set Ireland		
Term	Preferred Term	Concept Id
Loop diuretic (substance)	Loop diuretic	372691009
Cardiac arrest (disorder)	Cardiac arrest	410429000
Coronary atherectomy by laser (procedure)	Coronary atherectomy by laser	29843007
Entire distal portion of right coronary artery (body structure)	Entire distal portion of right coronary artery	194066003
Systolic blood pressure (observable entity)	Systolic blood pressure	271649006
Entire second left posterolateral branch of circumflex branch	Entire second left posterolateral branch of circumflex branch	193855000
Stenosis of proximal portion of right coronary artery (disorder)	Segment 1 stenosis of proximal portion of right coronary artery	1254657004
Dyspnea (finding)	SOB - Shortness of breath	267036007
ST segment depression (finding)	ST segment depression	26141007
Right bundle branch block (disorder)	Right bundle branch block	59118001
Structure of left radial artery (body structure)	Structure of left radial artery	368504007
Acute myocardial infarction of right ventricle (disorder)	Acute myocardial infarction of right ventricle	836293000
Urgent referral (procedure)	Urgent referral	134403003
≡ Stenosis of distal portion of anterior descending branch	Segment 8 stenosis of distal portion of anterior descending	1254663008
Entire first right posterolateral branch of the posterior	Entire first right posterolateral branch	194142006
Entire left posterior lateral branch of circumflex branch	Entire left posterior lateral branch	264161002
Ventricular tachycardia (disorder)	Ventricular tachycardia	25569003
Product containing beta adrenergic receptor antagonist (product)	Beta blocker-containing product	33252009
Atrial flutter (disorder)	Atrial flutter	5370000
Adjuvant drug therapy (procedure)	Adjuvant drug therapy	1259201000
Structure of right femoral artery (body structure)	Structure of right femoral artery	69833005
Non-specific (qualifier value)	Non-specific	10003008
Product containing only eplerenone (medicinal product)	Eplerenone	775795007
Entire right dominant posterior descending artery (body structure)	Entire right dominant posterior descending artery	727922006
Structure of segment of circumflex coronary artery	Segment of circumflex coronary artery	360511005
Eircode	Eircode	971000220105

Postal code (observable entity)	Postal code	
Acute myocardial infarction of anterolateral wall (disorder)	Acute myocardial infarction of anterolateral wall	70211005
Product containing only metformin (medicinal product)	Metformin	776713006
Structure of second obtuse marginal branch of circumflex	Segment 13 second obtuse marginal branch of circumflex	91755000
Anticoagulant (substance)	Anticoagulant	372862008
Date of admission (observable entity)	Date of admission	399423000
Coronary graft stenosis (disorder)	Coronary graft stenosis	251024009
Acute myocardial infarction of inferolateral wall (disorder)	Acute myocardial infarction of inferolateral wall	65547006
Chronic kidney disease stage 3A (disorder)	Chronic kidney disease stage 3A	700378005
Entire left coronary artery (body structure)	Entire left coronary artery	362034004
Chronic kidney disease stage 5 with transplant (disorder)	Chronic kidney disease stage 5 with transplant	714153000
Atrial fibrillation (disorder)	Atrial fibrillation	49436004
Site of access (attribute)	Site of access	311788003
Echocardiography (procedure)	Echocardiography	40701008
Death in hospital (event)	Death in hospital	16983000
ST segment elevation (finding)	ST segment elevation	76388001
Structure of third diagonal branch of anterior descending	Structure of third diagonal branch of anterior descending	91752002
Entire third left posterolateral branch of circumflex	Entire third left posterolateral branch of circumflex	193929002
Acute myocardial infarction of apical-lateral wall (disorder)	Acute myocardial infarction of apical-lateral wall	59063002
Thrombolysis in Myocardial Infarction grade 2: partial perfusion	TIMI grade 2: partial perfusion	371864007
Structure of wall of coronary artery	Structure of wall of coronary artery	713317004
Cardiac support procedure (procedure)	Cardiac support procedure	232957001
Stenosis of distal portion of circumflex branch of left coronary	Segment 14 stenosis of distal portion of circumflex branch of left coronary artery	1255258007
Near-infrared spectroscopy (procedure)	Near-infrared spectroscopy	786901003
Stenosis of marginal branch of right coronary artery (disorder)	Segment 19 stenosis of acute marginal branch of right coronary artery	1254660006
Electrocardiogram: QRS complex normal (finding)	ECG: QRS complex normal	164950005

Revascularization - action (qualifier value)	Revascularisation - action	297183000
Smoker (finding)	Smoker	77176002
Fondaparinux (substance)	Fondaparinux	708189008
Mechanically assisted chest compression (procedure)	Mechanically assisted chest compression	429283006
Restenotic lesion of coronary artery (finding)	Restenotic lesion of coronary artery	371893007
≡ Stenosis of ostium of left main coronary artery (disorder)	Stenosis of ostium of left main coronary artery	1255569006
Structure of coronary intermediate artery (body structure)	Segment 17 intermediate branch artery	244252004
Coronary artery structure (body structure)	Coronary artery structure	41801008
Unknown (qualifier value)	Unknown	261665006
Coronary artery perforation (disorder)	Coronary artery perforation	234010000
Entire left coronary artery main stem (body structure)	Entire left coronary artery main stem	726829009
Emergency (qualifier value)	Emergency	25876001
Entire branch of anterior descending branch of left coronary	Entire branch of left anterior descending artery	846594009
Cerebrovascular accident (disorder)	Cerebrovascular accident	230690007
Triple vessel disease of the heart (disorder)	Triple vessel disease of the heart	233817007
Product containing only rivaroxaban (medicinal product)	Rivaroxaban	777455008
Structure of right radial artery (body structure)	Structure of right radial artery	368503001
Structure of first right posterolateral branch	Structure of first right posterolateral branch	91761002
Stenosis of mid portion of anterior descending branch	Segment 7 stenosis of mid portion of anterior descending branch	1255266003
Echocardiogram shows left ventricular systolic dysfunction (finding)	Echocardiogram shows left ventricular systolic dysfunction	407596008
Coronary artery bypass graft operation planned (situation)	Coronary artery bypass graft operation planned	698378009
Elective (qualifier value)	Elective	103390000
Structure of second right posterolateral branch	Structure of second right posterolateral branch	91762009
Entire septal perforating artery (body structure)	Entire septal perforating artery	895084002
Stenosis of distal portion of right coronary artery (disorder)	Segment 3 stenosis of distal portion of right coronary artery	1254659001
Structure of right dominant posterior descending artery	Right dominant posterior descending artery	244259008

Stenosis of left coronary artery main stem (disorder)	Segment 5 stenosis of left coronary artery main stem	876857001
Cerebrovascular accident with intracranial hemorrhage (disorder)	Cerebrovascular accident with intracranial hemorrhage	5571000124103
Heparin therapy (procedure)	Heparin therapy	103746007
Entire proximal portion of anterior descending branch	Entire proximal portion of anterior descending branch	193229006
Entire proximal portion of right coronary artery	Entire proximal portion of right coronary artery	194000007
Salvage procedure (qualifier value)	Salvage procedure	257950002
Entire wall of anterior descending branch of left coronary artery	Entire wall of anterior descending branch of left coronary artery	1303733005
Gated computed tomography for cardiac function with contrast	Gated computed tomography for cardiac function with contrast	711371001
Chronic obstructive pulmonary disease (disorder)	Chronic obstructive pulmonary disease	13645005
Entire atrioventricular branch of circumflex branch	Entire atrioventricular branch of circumflex branch	194366007
Atherectomy by rotary cutter (procedure)	Rotational atherectomy	65659003
Entire first septal perforator branch	Entire first septal perforator branch	193540004
Planned procedure (situation)	Planned procedure	405613005
Restenosis (morphologic abnormality)	Restenosis	43026009
Time of symptom onset (observable entity)	Time of symptom onset	405795006
Entire distal segment of left main coronary artery	Entire distal segment of left main coronary artery	1256094009
Patient-related Identification code (observable entity)	Patient-related Identification code	422549004
Structure of segment of left anterior descending artery	Segment of left anterior descending artery	360509001
Entire third obtuse marginal branch of circumflex	Entire third obtuse marginal branch of circumflex	244255002
Thrombolysis in Myocardial Infarction grade 1: penetration	TIMI grade 1: penetration without perfusion	371866009
Product containing angiotensin-converting enzyme inhibitor (product)	Angiotensin-converting enzyme inhibitor-containing product	41549009
Structure of third obtuse marginal branch of circumflex	Structure of third obtuse marginal branch of circumflex	91756004
Stenosis of posterior descending branch of right coronary artery	Segment 4 stenosis of posterior descending branch of right coronary artery	1254662003

Normal left ventricular systolic function and wall motion	Normal left ventricular systolic function and wall motion	371857005
Inverted T wave (finding)	Inverted T wave	59931005
Radionuclide imaging of myocardial perfusion with ejection fraction	Radionuclide imaging of myocardial perfusion with ejection fraction	440686006
Entire segment of right coronary artery	Entire segment of right coronary artery	1234754009
Structure of ostium of left main coronary artery	Structure of ostium of left main coronary artery	1256091001
Entire posterior descending branch of right coronary artery	Entire posterior descending branch of right coronary artery	264150005
Troponin T measurement (procedure)	Troponin T measurement	121871002
Stenosis of posterior lateral branch of right coronary artery (disorder)	Segment 18 stenosis of posterior lateral branch of right coronary artery	1254661005
Creatine measurement (procedure)	Creatine measurement	104612006
Chronic kidney disease stage 4 (disorder)	Chronic kidney disease stage 4	431857002
Product containing only spironolactone (medicinal product)	Spironolactone	777603002
Type of graft (qualifier value)	Type of graft	103403008
Percutaneous transluminal angioplasty of coronary artery using drug eluting balloon catheter (procedure)	Percutaneous transluminal angioplasty of coronary artery using drug eluting balloon catheter	763725002
Acute myocardial infarction of apex of heart (disorder)	Acute myocardial infarction of apex of heart	836294006
Structure of right ulnar artery (body structure)	Structure of right ulnar artery	368505008
First stage of staged operation (procedure)	First stage of staged operation	112692001
Structure of first left posterolateral branch of circumflex branch of left coronary artery (body structure)	Structure of first left posterolateral branch of circumflex branch of left coronary artery	91757008
Product containing only sacubitril and valsartan (medicinal product)	Sacubitril + valsartan	777480008
Coronary artery atheroma (disorder)	Coronary artery atheroma	67682002
Chronic kidney disease stage 3B (disorder)	Chronic kidney disease stage 3B	700379002
Single coronary vessel disease (disorder)	Single coronary vessel disease	194842008
Left ventricular ejection fraction (observable entity)	Left ventricular ejection fraction	250908004
Heart valve disorder (disorder)	Valvular heart disease	368009
Structure of extended left ventricular branch artery	Extended left ventricular branch artery	244260003

Product containing only dabigatran (medicinal product)	Dabigatran	775431004
History of coronary artery bypass grafting (situation)	History of coronary artery bypass grafting	399261000
Bivalirudin (substance)	Bivalirudin	129498009
Product containing only clopidogrel (medicinal product)	Clopidogrel	775314005
Idiopathic spontaneous coronary artery dissection (disorder)	Idiopathic spontaneous coronary artery dissection	1197364005
Entire coronary intermediate artery (body structure)	Entire coronary intermediate artery	727920003
Body height (observable entity)	Body height	1153637007
Acute myocardial infarction of high lateral wall (disorder)	Acute myocardial infarction of high lateral wall	64627002
Excellent response to treatment (situation)	Excellent response to treatment	182986003
Entire third right posterolateral branch of the posterior descending branch of right coronary artery (body structure)	Entire third right posterolateral branch of the posterior descending branch of right coronary artery	194296004
Cardioassist by aortic balloon pump (procedure)	Cardioassist by aortic balloon pump	399217008
Evaluation of diagnostic study results (procedure)	Evaluation of diagnostic study results	370851004
No (qualifier value)	No	373067005
Angiography of coronary artery (procedure)	Angiography of coronary artery	33367005
T wave feature (observable entity)	T wave feature	41011002
Gender (observable entity)	Gender	263495000
Acute myocardial infarction (disorder)	Acute myocardial infarction	57054005
Entire sinoatrial node branch of right coronary artery (body structure)	Entire sinoatrial node branch of right coronary artery	194438003
Date of discharge (observable entity)	Date of discharge	442864001
Procedure on coronary arteries (procedure)	Procedure on coronary arteries	118806004
Double coronary vessel disease (disorder)	Double coronary vessel disease	194843003
Product containing only insulin aspart (medicinal product)	Insulin aspart	776338003
Entire segment of circumflex coronary artery (body structure)	Entire segment of circumflex coronary artery	1234752008
Product containing only tirofiban (medicinal product)	Tirofiban only product	777784000
Entire posterior descending coronary artery (body structure)	Entire posterior descending coronary artery	731436008

Killip classification (assessment scale)	Killip classification	1287387001
Acute myocardial infarction of lateral wall (disorder)	Acute myocardial infarction of lateral wall	58612006
Entire distal portion of circumflex branch of left coronary artery (body structure)	Entire distal portion of circumflex branch of left coronary artery	193684007
Troponin I above reference range (finding)	High troponin I level	444931001
Entire ostium of left main coronary artery (body structure)	Entire ostium of left main coronary artery	1256096006
Structure of left posterior descending circumflex coronary artery (body structure)	Segment 15 left posterior descending branch	91760001
Structure of branch of circumflex branch of left coronary artery (body structure)	Structure of branch of circumflex artery	846588001
Length of stent (qualifier value)	Length of stent	246126001
Product containing only repaglinide (medicinal product)	Repaglinide	777419000
Angiotensin II receptor antagonist (disposition)	Angiotensin II receptor antagonist	734629003
Coronary artery bypass grafting (procedure)	Coronary artery bypass graft	232717009
Entire mid-segment of left main coronary artery (body structure)	Entire mid-segment of left main coronary artery	1256095005
Entire circumflex branch of left coronary artery (body structure)	Entire circumflex branch of left coronary artery	362036002
Entire conus artery (body structure)	Entire conus artery	194731008
IHI	IHI	861000220106
Individual health identifier (observable entity)		
Optical coherence tomography (procedure)	Optical coherence tomography	392010000
Vascular stent diameter (observable entity)	Vascular stent diameter	408706001
Ex-smoker (finding)	Ex-smoker	8517006
History of cerebrovascular accident (situation)	History of cerebrovascular accident	275526006
Extracorporeal membrane oxygenation (procedure)	Extracorporeal membrane oxygenation	233573008
Product containing only abciximab (medicinal product)	Abciximab only product	774398003
Thrombolysis in Myocardial Infarction grade 0: no perfusion (finding)	TIMI grade 0: no perfusion	371867000
Successful (qualifier value)	Successful	385669000

Entire second diagonal branch of anterior descending branch of left coronary artery (body structure)	Entire second diagonal branch of anterior descending branch of left coronary artery	244250007
Subsequent myocardial infarction of anterior wall (disorder)	Subsequent myocardial infarction of anterior wall	194857001
Stenosis of proximal portion of circumflex branch of left coronary artery (disorder)	Segment 11 stenosis of proximal portion of circumflex branch of left coronary artery	1255256006
Structure of septal branch of anterior descending branch of left coronary artery (body structure)	Structure of septal branch of anterior descending branch of left coronary artery	846583005
Chronic kidney disease stage 5 on dialysis (disorder)	Chronic kidney disease stage 5 on dialysis	714152005
Angiography of coronary artery bypass graft (procedure)	Angiography of coronary artery bypass graft	252427007
Acute non-ST segment elevation myocardial infarction (disorder)	NSTEMI - Non-ST segment elevation MI	401314000
Entire mid portion of right coronary artery (body structure)	Segment 2 mid portion of right coronary artery	450961005
Structure of mid-segment of left main coronary artery (body structure)	Structure of mid-segment of left main coronary artery	1256092008
Product containing alpha-glucosidase inhibitor (product)	Alpha-glucosidase inhibitor-containing product	109072000
Entire branch of circumflex branch of left coronary artery (body structure)	Entire branch of circumflex artery	846593003
Diabetes mellitus type 2 (disorder)	Type 2 diabetes mellitus	44054006
Stenosis of mid portion of right coronary artery (disorder)	Segment 2 stenosis of mid portion of right coronary artery	1254658009
Structure of first obtuse marginal branch of circumflex branch of left coronary artery (body structure)	Segment 12 first obtuse marginal branch of circumflex branch of left coronary artery	91754001
Entire mid portion of circumflex branch of left coronary (body structure)	Entire mid portion of circumflex branch of left coronary	361327006
Product containing only ticagrelor (medicinal product)	Ticagrelor	777766002
Not performed (qualifier value)	Not performed	262008008
Never smoked tobacco (finding)	Never smoked tobacco	266919005
Intravascular ultrasound of coronary artery (procedure)	Intravascular ultrasound of coronary artery	310658009
Diabetes mellitus (disorder)	Diabetes mellitus	73211009
Structure of anterior descending branch of left coronary artery (body structure)	Structure of left anterior descending artery	59438005
Coronary angiography planned (situation)	Coronary angiography planned	698376008

Cardiomyopathy (disorder)	Cardiomyopathy	85898001
Chest pain (finding)	Chest pain	29857009
Aspirin given (situation)	Aspirin given	432909005
Chest discomfort (finding)	Chest discomfort	279084009
History of myocardial infarction (situation)	History of myocardial infarction	399211009
Indication for procedure (observable entity)	Indication for procedure	432678004
Structure of left ulnar artery (body structure)	Structure of left ulnar artery	368506009
Diabetes mellitus type 1 (disorder)	Type 1 diabetes mellitus	46635009
Anticoagulant therapy (procedure)	Anticoagulant therapy	182764009
Acute myocardial infarction of inferoposterior wall (disorder)	Acute myocardial infarction of inferoposterior wall	76593002
Stable angina (disorder)	Stable angina	233819005
Entire obtuse marginal branch of circumflex branch of left coronary artery (body structure)	Entire obtuse marginal branch of circumflex branch of left coronary artery	264108005
Electrocardiogram normal (finding)	ECG normal	164854000
Entire mid portion of anterior descending branch of left coronary artery (body structure)	Entire mid portion of anterior descending branch of left coronary artery	193467007
Sinus rhythm (finding)	Sinus rhythm	251150006
Structure of branch of right coronary artery (body structure)	Branch of right coronary artery	244257005
Inconclusive evaluation finding (finding)	Inconclusive evaluation finding	442754001
Acute myocardial infarction of septum (disorder)	Acute myocardial infarction of septum	79009004
Peripheral vascular complication (disorder)	Peripheral vascular complication	10596002
Cardiac tamponade (disorder)	Pericardial tamponade	35304003
Product containing only prasugrel (medicinal product)	Prasugrel	777298009
Measurement of coronary blood flow (regime/therapy)	Measurement of coronary blood flow	44927006
Product containing glucagon-like peptide 1 receptor agonist (product)	Glucagon-like peptide 1 receptor agonist-containing product	416636000
Electrocardiogram finding (observable entity)	ECG finding	271921002
Symptomatic (qualifier value)	Symptomatic	264931009
Entire septal branch of anterior descending branch of left coronary artery (body structure)	Segment 20 septal branch of anterior descending branch of left anterior descending coronary artery	846591001
Post-transplantation lymphoproliferation (morphologic abnormality)	Post-transplantation lymphoproliferation	1155771008

Canadian Cardiovascular Society classification of angina (assessment scale)	Canadian Cardiovascular Society classification of angina	134438001
Entire descending segment of anterior descending branch of left coronary artery (body structure)	Entire descending segment of anterior descending branch of left coronary artery	193386003
Entire third diagonal branch of anterior descending branch of left coronary artery (body structure)	Entire third diagonal branch of anterior descending branch of left coronary artery	314216006
Female (finding)	Female	248152002
Entire atrioventricular node branch of right coronary artery (body structure)	Entire atrioventricular node branch of right coronary artery	194641003
Entire first left posterolateral branch of circumflex branch of left coronary artery (body structure)	Entire first left posterolateral branch of circumflex branch of left coronary artery	193775002
Hemoglobin finding (finding)	Haemoglobin finding	250220000
Entire anterior descending branch of left coronary artery (body structure)	Entire anterior descending branch of left coronary artery	362035003
Structure of second diagonal branch of anterior descending branch of left coronary artery (body structure)	Segment 10 second diagonal branch of anterior descending branch of left coronary artery	91751009
Heart rate (observable entity)	Heart rate	364075005
Vitamin K supplement therapy (regime/therapy)	Vitamin K supplement therapy	438821000124106
Percutaneous coronary intervention (procedure)	Percutaneous coronary intervention	415070008
Stable angina due to coronary arteriosclerosis (disorder)	Stable angina due to coronary arteriosclerosis	16754391000119100
Preinfarction syndrome (disorder)	Unstable angina	4557003
Product containing only edoxaban (medicinal product)	Edoxaban	775732007
Structure of accessory coronary artery (body structure)	Structure of accessory coronary artery	714761000
Ventricular pacing pattern (finding)	Ventricular pacing pattern	251266004
Cardiovascular monitoring (regime/therapy)	Cardiovascular monitoring	48428001
Heart failure (disorder)	Heart failure	84114007
Thrombolysis of artery (procedure)	Thrombolysis of artery	233335005
Structure of wall of anterior descending branch of left coronary artery (body structure)	Structure of wall of anterior descending branch of left coronary artery	1303731007
Entire first right ventricular branch of right coronary artery (body structure)	Entire first right ventricular branch of right coronary artery	194813000
Entire left posterior descending circumflex coronary artery (body structure)	Entire left posterior descending circumflex coronary artery	727323009

Entire first obtuse marginal branch of circumflex branch of left coronary artery (body structure)	Entire first obtuse marginal branch of circumflex branch of left coronary artery	244253009
Structure of left femoral artery (body structure)	Structure of left femoral artery	113270003
Acute ST segment elevation myocardial infarction (disorder)	STEMI - ST elevation myocardial infarction	401303003
Hospital admission (procedure)	Hospital admission	32485007
Date of onset (observable entity)	Date of onset	298059007
Angioplasty of artery (procedure)	Balloon angioplasty of artery	233258006
Coronary artery graft present (finding)	Coronary artery graft present	737278006
Cardiogenic shock (disorder)	Cardiogenic shock	89138009
Subsequent myocardial infarction (disorder)	Subsequent myocardial infarction	194856005
Administration of prophylactic statin (procedure)	Administration of prophylactic statin	315053001
Structure of mid portion of circumflex branch of left coronary artery (body structure)	Mid portion of circumflex branch of left coronary artery	91753007
Stenosis of septal branch of anterior descending branch of left coronary artery (disorder)	Segment 20 stenosis of septal branch of anterior descending branch of left coronary artery	1254665001
Electrocardiographic procedure (procedure)	Electrocardiographic procedure	29303009
Entire diagonal branch of anterior descending branch of left coronary artery (body structure)	Entire diagonal branch of anterior descending branch of left coronary artery	314217002
Product containing only eptifibatide (medicinal product)	Eptifibatide only product	775806008
Date of birth (observable entity)	DOB - Date of birth	184099003
Coronary artery graft (morphologic abnormality)	Coronary artery graft	264293000
Thrombolysis in Myocardial Infarction grade 3: complete perfusion (finding)	TIMI grade 3: complete perfusion	371865008
Left main coronary artery disease (disorder)	Left main coronary artery disease	371804009
Product containing proprotein convertase subtilisin/kexin type 9 inhibitor (product)	PCSK9 inhibitor-containing product	770371005
Structure of first diagonal branch of anterior descending branch of left coronary artery (body structure)	Segment 9 first diagonal branch of anterior descending branch of left coronary artery	91750005
Time (property) (qualifier value)	Time	410669006
Structure of third left posterolateral branch of circumflex branch of left coronary artery (body structure)	Structure of third left posterolateral branch of circumflex branch of left coronary artery	91759006

Product containing dipeptidyl peptidase IV inhibitor (product)	Dipeptidyl peptidase IV inhibitor-containing product	422403005
Acute myocardial infarction of basal inferior segment of left ventricle (disorder)	Acute myocardial infarction of posterobasal wall	70998009
Entire wall of coronary artery (body structure)	Entire wall of coronary artery	731620003
Troponin I measurement (procedure)	Troponin I measurement	121870001
Upstroke time of arterial pressure (observable entity)	Upstroke time of arterial pressure	252072007
Entire accessory coronary artery (body structure)	Entire accessory coronary artery	714762007
Structure of distal segment of left main coronary artery (body structure)	Structure of distal segment of left main coronary artery	1256093003
Intracranial hemorrhage (disorder)	Intracranial haemorrhage	1386000
Normal coronary arteries (finding)	Normal coronary arteries	371860003
Structure of branch of anterior descending branch of left coronary artery (body structure)	Structure of branch of left anterior descending artery	846574000
Cardiac arrhythmia (disorder)	Cardiac arrhythmia	698247007
Low density lipoprotein cholesterol measurement (procedure)	Low density lipoprotein cholesterol measurement	113079009
Diuretic (substance)	Diuretic	372695000
Acute myocardial infarction of inferior wall (disorder)	Acute myocardial infarction of inferior wall	73795002
Coronary artery stent thrombosis (disorder)	Coronary artery stent thrombosis	421327009
Gender unknown (finding)	Gender unknown	394743007
Date property (qualifier value)	Date	410672004
Entire left coronary artery bifurcation (body structure)	Entire left coronary artery bifurcation	1220636001
Chronic kidney disease stage 3 (disorder)	Chronic kidney disease stage 3	433144002
Time of arrival at hospital (observable entity)	Time of arrival at hospital	405799000
Hypertensive disorder, systemic arterial (disorder)	Hypertension	38341003
Structure of second left posterolateral branch of circumflex branch of left coronary artery (body structure)	Structure of second left posterolateral branch of circumflex branch of left coronary artery	91758003
Acute subendocardial infarction (disorder)	Acute subendocardial infarction	70422006
Patient in hospital (finding)	Patient in hospital	184091000
Transient ischemic attack (disorder)	Transient cerebral ischemia	266257000
Left bundle branch block (disorder)	Left bundle branch block	63467002

Structure of branch of left coronary artery (body structure)	Branch of left coronary artery	244248004
Product containing only ezetimibe (medicinal product)	Ezetimibe	775914003
Stenosis of proximal portion of anterior descending branch of left coronary artery (disorder)	Segment 6 stenosis of proximal portion of anterior descending branch of left coronary artery	1255265004
Cardiac enzyme or marker above reference range (finding)	Cardiac enzyme or marker above reference range	405740000
Entire branch of right coronary artery (body structure)	Entire branch of right coronary artery	727921004
Male (finding)	Male	248153007
Entire ostium of right coronary artery (body structure)	Entire ostium of right coronary artery	312555009
Occlusion of septal branch of anterior descending branch of left coronary artery (disorder)	Occlusion of septal branch of anterior descending branch of left coronary artery	840679006
Removal of thrombus (procedure)	Removal of thrombus	43810009
Entire proximal portion of circumflex branch of left coronary artery (body structure)	Entire proximal portion of circumflex branch of left coronary artery	193619006
Hemorrhage requiring transfusion (finding)	Major bleeding requiring transfusion	10421000132103
Magnetic resonance imaging of cardiac ventricles (procedure)	MRI of cardiac ventricles	445419002
Structure of posterior descending coronary artery (body structure)	Structure of posterior descending coronary artery	443113009
Lipid-lowering therapy (procedure)	Lipid-lowering therapy	134350008
History of percutaneous coronary intervention (situation)	History of percutaneous coronary intervention	405741001
Subsequent myocardial infarction of inferior wall (disorder)	Subsequent myocardial infarction of inferior wall	194858006
Structure of mid portion of right coronary artery (body structure)	Structure of mid portion of right coronary artery	450960006
Structure of segment of coronary artery (body structure)	Segment of coronary artery	360487004
Low molecular weight heparin (substance)	Low molecular weight heparin	373294004
Endovascular insertion of metallic stent with mechanical embolic protection (procedure)	Endovascular insertion of metallic stent with mechanical embolic protection	704184009
Acute myocardial infarction of anterior wall (disorder)	Acute myocardial infarction of anterior wall	54329005
Product containing thiazolidinedione (product)	Thiazolidinedione-containing product	109086001
Computed tomography angiography of coronary artery with contrast (procedure)	CT angiography of coronary artery with contrast	419545005

Chronic total occlusion of coronary artery (disorder)	Chronic total occlusion of coronary artery	117051000119103
Product containing sodium glucose cotransporter subtype 2 inhibitor (product)	Sodium glucose cotransporter subtype 2 inhibitor-containing product	703677008
Structure of third right posterolateral branch of the posterior descending branch of right coronary artery (body structure)	Structure of third right posterolateral branch of the posterior descending branch of right coronary artery	91763004
Entire right coronary artery (body structure)	Entire right coronary artery	362037006
Entire second right posterolateral branch of the posterior descending branch of right coronary artery (body structure)	Entire second right posterolateral branch of the posterior descending branch of right coronary artery	194212001
Acute myocardial infarction during procedure (disorder)	Acute myocardial infarction during procedure	703212004
Direct current cardioversion (procedure)	Direct current cardioversion	180325003
Entire marginal branch of right coronary artery (body structure)	Segment 19 acute marginal branch of right coronary artery	244258000
Acute myocardial infarction of posterolateral wall (disorder)	Acute myocardial infarction of posterolateral wall	15990001
Structure of left coronary artery bifurcation (body structure)	Structure of left coronary artery bifurcation	1220633009
Emergency percutaneous coronary intervention (procedure)	Emergency percutaneous coronary intervention	414089002
Yes (qualifier value)	Yes	373066001
Entire branch of left coronary artery (body structure)	Entire branch of left coronary artery	727918001
Entire second obtuse marginal branch of circumflex branch of left coronary artery (body structure)	Entire second obtuse marginal branch of circumflex branch of left coronary artery	244254003
Structure of segment of right coronary artery (body structure)	Segment of right coronary artery	360513008
Lithotripsy (procedure)	Lithotripsy	133864008
Assessment using Canadian Cardiovascular Society grading of angina pectoris (procedure)	Assessment using Canadian Cardiovascular Society grading of angina pectoris	763229009
Chronic kidney disease stage 5 (disorder)	Chronic kidney disease stage 5	433146000
Structure of septal perforating artery (body structure)	Structure of septal perforating artery	895083008
Urgency (qualifier value)	Urgent	103391001
Arterial bypass graft (procedure)	Arterial bypass graft	116360008
Percutaneous transluminal balloon angioplasty with insertion of stent into coronary artery (procedure)	Percutaneous transluminal balloon angioplasty with insertion of stent into coronary artery	429639007

Product containing only apixaban (medicinal product)	Apixaban	774624002
Pathological Q wave (finding)	Pathological Q wave	164918000
Cardiopulmonary bypass operation (procedure)	Cardiopulmonary bypass operation	63697000
Product containing sulfonylurea (product)	Sulfonylurea-containing product	34012005
Body weight (observable entity)	Body weight	27113001
Entire distal portion of anterior descending branch of left coronary artery (body structure)	Entire distal portion of anterior descending branch of left coronary artery	193304002
ST segment (observable entity)	ST segment	3030002
Entire coronary artery (body structure)	Entire coronary artery	181294004
Entire posterior lateral branch of right coronary artery (body structure)	Entire posterior lateral branch of right coronary artery	194539008
Entire extended left ventricular branch artery (body structure)	Entire extended left ventricular branch artery	727923001
Fractional flow reserve (observable entity)	Fractional flow reserve	371842003
Entire first diagonal branch of anterior descending branch of left coronary artery (body structure)	Entire first diagonal branch of anterior descending branch of left coronary artery	244249007
Final diagnosis (discharge) (contextual qualifier) (qualifier value)	Final diagnosis (discharge)	89100005
Entire ostium of coronary artery (body structure)	Entire ostium of coronary artery	312553002
Ischemic stroke (disorder)	Ischaemic stroke	422504002
Arterial bypass using vein graft (procedure)	Arterial bypass using vein graft	287347004
Time of arrival of emergency services (observable entity)	Time of arrival of emergency services	405798008
Implantation of cardiac ventricular assist device (procedure)	VAD - Implantation of ventricular assist device	232965003
Coronary artery part (body structure)	Coronary artery part	119204004
